Michelangelo Ceci is an associate professor at the Department of Computer Science, University of Bari Aldo Moro (UNIBA). His research interests are in data mining, Machine Learning, Big Data Analytics and Ensemble Learning. He coordinated UNIBA's participation in numerous national and international research projects, including MAESTRA (FP7-FET), IMPETUS, TOREADOR (Horizon 2020), Vi-POC and ComESto (National PON). He is action editor of the Data Mining and Knowledge Discovery journal and editorial board member of the Machine Learning journal and Journal of Intelligent Information Systems. He published over 180 international publications and chaired five international conferences, including the European Conference on Machine Learning and Principles and Practice of Knowledge Discovery in Databases in 2017.
